Bethune Energy Receives Approval of Major Group Development Application from Kershaw County Planning Commission

Bethune, SC (September 23, 2026) – Bethune Energy, the natural gas plant planned for Kershaw County, received conditional approval from the Kershaw County Planning Commission September 14th, 2026.

"We want to thank the Kershaw County Planning Commission and County staff for the time and care they devoted to reviewing our application. We appreciate the Commission's approval and look forward to continuing to work with the County to ensure Bethune Energy is developed responsibly and in a manner consistent with the standards and expectations of the community," said Dylan Casey, Vice President of Development for Beaufort Rosemary.

"Beyond the meaningful economic investment and local revenue the project can bring to Kershaw County and the Bethune community, Bethune Energy will provide additional generation capacity to help meet South Carolina's growing energy needs. The Commission's approval represents an important milestone in the project's development, and we're excited to continue moving the project forward and keeping the community informed as it progresses."

Bethune Energy will continue working with County staff to address the conditions of the approval and advance the project through the remaining permitting steps.
